Dear David

Successful collection of debt

I would like to thank you for your excellent work in collecting a debt of ours and obtaining not only the original debt but also interest, court fees and the debt collection fees incurred.

Having previously used the Courts to try and collect bad debts and got nowhere we were delighted with your result. I shall have no hesitation in using your services the next time I have a bad debt and will be pleased to recommend your services to any of our clients who have similar problems.

Regards

Yours sincerely

Alan C Martin
